MEMORANDUM FOR: The Record

SUBJECT : *El Tiempo* of New York

I was visited recently by Messrs. Mel Rodgen and Harry Bonilla. The former is staff photographer and the latter is the assistant to the publisher of *El Tiempo*.

I had originally thought they wanted to see if we would subsidize their paper. This might still be in their minds but it was not pushed at all. They wanted to be helpful to the Agency. I told them that I did not see any particular way in which this could be done but we were flattered by their willingness to be of use.

It all ended up with their comment, "Well, at any event, you know we are there and willing to help". With mutual expressions of good will, we parted.
